NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l.*, *r.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. l.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *i. e.*, &c., &c.; to describe particularly the disability, wound or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate." Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward some of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Ralph C. Bowles a witness for the prosecution
 being duly sworn says. I am Sergeant in Co. B. 8th
 Cal. Vols. M. I. about same time in Feb last-
 while we were stationed at Seaboard we I
 had a horse stray from the camp about two
 miles and from there he was taken. The horse
 was taken from the description of the man I
 had given to me as the one who took the horse
 by the three ~~brought~~ brothers belonging to Co. H.
 1st Cal. M. I. whose names are Hough. William
 Hough is one of the three brothers. I next saw my horse
 in the possession of the three Hough brothers when
 they were brought in. I am not positive while
 one of the Hough boys was riding the horse. The
 horse was gone about seventeen days. The horse looks
 as if he had been badly used when it was brought
 back.

here closed.

The defense then introduced the following evidence.
J. Hunter a witness for the defense by direct exam says.
I am connected with the 8th Regt. M. S. M. as Regt.
Adjutant. Wm Hough was reported as a deserter on
the Army Report and also by the Captain. Wm
Hough was arrested and brought in by Lieut.
Feldmann on the 8th of March 1863. I then placed
him in the Guard House with ball and chain
attached to him. He has been confined in this
manner ever since. He has been kept at hard
labor ever since. His two brothers escaped from the
Guard House but he remained. Wm Hough's char-
acter as a soldier has always been good.

The defense having no further testimony to offer
here closed and the Court by in presence of all
the evidence was closed for deliberation and after
maturely considering the evidence adduced finds the
accused Wm Hough guilty private Co. 4th 8th Regt. M. S. M.
as follows:-

Of the Specification to the first charge. Guilty

Of the first charge Guilty

Of the Specification to the Second charge Not Guilty

FINAL STATEMENT

OF

Joseph T. Howard,
Reg't of *1st U.S. Cav.*

VOLUNTEERS.

Died Aug 18 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{2}{3}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will fill, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1133 Regulations, Edt. 1881.
Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, &c., or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his notes endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

August 28th 1862

Brig. Gen.
Father

Sir I address you, for the purpose of
asking some information in regard to my situation
as a Soldier. I volunteered in Company C 2nd Reg-
t. Mo. Inf. last Winter and have in the service for
six months past. I am Post Master at this place; my son
has been attending the office as my Deputy - until the late
Organization of the State Militia - he has joined the Army
and as a result in my absence there is no one to attend to the
office. The interest of the County requires that the office
should be attended to - therefore I desire to know if leave of
absence from the service can be granted to me - to take
care of the office until I can procure a competent Deputy -
I am sixty two years of age, and my health is very
much on the decline, but I do not complain. I have
used my bumping in other Wars, and I think it is
the duty of every loyal citizen to assist the general
Government in brushing out this accursed rebellion -
and restore it to its once happy condition -
you will therefore be the desired information at
your earliest convenience -
Please address James G. Newman P. M. Hammond

Sir,

In your remarks made upon the tri-
-monthly return (10th July) of the 8th Reg^t Cav. m.d.w. you
state that I am a negligent Officer, and also indulge
in sundry other remarks, insulting in the highest
degree.

I have the honor to inform you that I have
been in the Military Service for some years, and
have never yet borne the character of being either
a careless or negligent Officer.

I have therefore to demand that you
make me a full and ample apology for the
insult which you so gratuitously make.

Should you refuse to accede to my
demand, I will represent the matter to Brig^{ad}
General Schofield, who will not (I am certain) allow
any officer in the Service, to insult another with
impunity.

Major St. J. Curtis
Act Adj. General
Department of the Mo
St. Louis

Major,

I have the honor to represent the following for the consideration of the Major General Comd'g the Department.

In February last a Complaint was made by a Citizen of this town, to Major General Curtis respecting my interfering with the Civil Authorities of this town. Said Complaint was referred to the Comd'g Officer of S. W. Dist Mo, and orders were issued by him that Charges should be immediately preferred against me; I was ordered to Springfield for trial, and after being there five days, I was ordered back again to this Post; On the 24th ultimo I was tried by a General Court Martial, and some few days since I was informed by Colonel Graseby, that the sentence in my case was that I should "Forfeit all pay now due or to

become due to me by the United States.

When I was at Springfield, I requested an interview with Colonel Cloud, and represented to him, that if my Comdy officer had been ordered to make an investigation into the Case, it would have been shown that I was to a certain extent justified in what I had done, and I afterwards made a demand for a Court of Inquiry to investigate the matter, as I was aware that Evidence could be submitted to a Court of Inquiry, which could not be introduced before a Court Martial; this favour was refused, Colonel Cloud informing me that a Court Martial was the proper place to investigate such cases.

When the Court was convened at Lebanon I applied to call in witnesses Col McPherson & Captain Wheeler, in order that I might prove that I was justified in the Course I had taken, I also objected to be tried by Officers not belonging to the Militia Service, and I also challenged one of the members upon the ground that he had been active in preferring a Charge against me, & I should have objected to several others, but the whole of my objections were overruled by the Court; with reference to the Charge alluded to I would make the following Statement.

A man named Hartman had

drinking saloon at this post, and during the
time Major Collins was in command of this post.
(he has since been mustered out of service) I had
on many occasions cause to complain about the
soldiers being supplied with liquors, and I
also threatened to close the place & I would
have done so, but Major Collins would not allow
me. When I first came here I was short
of money, not having been paid for six months,
and I became indebted to this man. When I
received my pay, Hutchinson (the same day) came
into my office & in the most insulting manner
demanded his pay, I told him to let me
have his receipt & I would look over it at my
house; he went away, & the same evening
while I was giving instructions to a sergeant
in the boat, he came up to me, and demanded
I should pay him at once (he had never given
me his receipt) I answered him as I had done
in the morning & he at once became most
abusive, calling me the most opprobrious
epithets, and ordered the sergeant of the guard
to put him into the guard house, but again
Major Collins interfered & would not allow
me to do anything in the matter. When the
members of the Court Martial came to this
post, several of them at once became frequent
visitors at this man's store, and they then

preferred the Charge against me of "Conduct
unbecoming an Officer - & a Gentleman" upon the
specification that I had refused to pay this
man; which I certainly had not done, altho'
I afterwards said I so? sooner give the
money to the sick & wounded men of the Regt.
than I would pay it to such a hog.

I Enclose a Certificate from my Comd'g Officer showing whether I have done my duty in the Service & also as to my general Character as an Officer, and I would now most respectfully ask the Major General Comd'g the Department to issue an order to dismiss me from the Service, as it is not my wish that I wish to stay in the Service without pay.

Colonel General has tried to obtain from Springfield, permission for me to leave, but has not succeeded. & I am here at a heavy expense, without prospect of remuneration. I therefore trust the General will pardon me for troubling him with such a very whimsical letter.

I have the honor to be

Respectfully Invealed.

Captain,

A short time since a difficulty arose at this post
when Capt. Wierpelt was present at the place, the fact
W. G. being authority in writing to retain possession of my
small house, (belonging to a man in the Rebel Army) certain
parties here, for instance W. J. Hooker who has
been sent under \$2000 bonds, and others, have been trying
to displace W. G. G. When Col. C. C. Chang
was at Camp of the Regt. W. G. G. was introduced
to me by Col. C. C. as being an Union woman; and as such I
have always treated her, the Col. resigned & Major
Cochran took his place, and matters have not gone
as smoothly since.

W. J. Hooker employed a Mr. Morehouse
to obtain possession of some property in W. G. G.'s house,
and I believe was backed by the Com. of the post &
the act of the post (Lt. G. G.) and sent a Constable to
take possession; in defiance of Captain Wierpelt's
order; I went down & kicked out the Constable.

would not allow the Civil Authorities to take said property for the reason it was in the possession of the Gov. Govt.

Mr. Buchanan (a big scandal / Complaint to the Major Comd., and eventually wrote to Gen Carter, the latter accuses Mr. Spang of keeping a house of ill fame and other remarks of the same sort, this letter was referred to the Comd. off. I am sorry to trouble you upon such a matter, but I am placed myself in a rather

and know for sure, but I am determined that
I will always protect an Union woman against
Whites. Even if they are backed by bayonets or any body
else. I have been looking in service to be
easily put off, but that I care one pin about
staying in the service, I resigned my Comd. two
months ago, for the reason that the officers of this
Command were too fond of Breeches to be ever
worth their salt, & my application was
refused by the Gov. So if I have to stay in
the service, the Regt. I am in will have to
walk a pretty straight line.

I regret to trouble you on this subject

By order of Maj Gen Curtis

A. A. G.

St Louis May 13, 1863
Respectfully return to Genl. G. M. Jones
May 13th 1863. Jones Paymaster
has just returned from
Lebanon where he saw
the rolls of the S. M. S. M.
to 30 April. On those rolls
opposite the name of
Adjt Hunter is the
following remark
Sentenced by

all pay & allowances that
have or may become due

And in
Lebanon Mo.
Respectfully May 16th 1863
referred to
the Judge Advocate S. M. Mo.
informed me by letter
that Adjt Hunter had been
sentenced to forfeit
pay and allowances
as placed on Muster
rolls
J. Gravelly
Co. 8th M. S. M.

and to inform Colonel Spruill
that I am determined to
perfect all my arrangements
and to be here due by
Friday Night 11. m.: I am
quite at a loss to know by
what authority said Judge
advised me, I presume
he is Judge's officer, and
as such can only serve
instructions by the order
of the officers of the office
of the U. S. Marshal.
If the Judge advised
as mentioned of the County
where I was held did not
know when Judge will
bring to order me to the
defendant from State &
I, I certainly cannot
say what authority I
can be held to affect for
their ignorance.

Lebanon. N.
18th May 1883

Respectfully returned to
Colonel Greenly, with the
following remarks, and the
opinion that the Colonel
will forward the same to
Major and the Quartermaster.

The original intention of
the General Court of Massachusetts
before whom I was tried, has
not been at this time / I have
made known by the proper
authority, therefore the
Court on the 12th. shall
my duty to Command me
performed by order of General
Court martial, is incorrect
and unjust.

James Edgar Edwards & Co.
doctors, not the Judge & others
of the Court by whom James had

I do not consider - the
value of all questions,
either right or left, as if
I am 'right' of 'wrong'
concerning an affair to, the
degree should be 'The
dominion of science'.

The Charge of Bridging
when we passed, became
the least matter and all the
while my intention to
show my grief for him,
but I can scarcely think
he found Candy and the
others a disturbance forming
some shadowy place
for such a petty thing.
I consider I have been
making my knowledge and
wisdom felt by the only
offense to which I am
by the least thoughtful, and

all I want now, is to have
the service which such
oppression can be practiced
with impunity.

July the 23rd 1862

Sir

On or about the 28th day of March AD 1862 my son George H. Hargis a minor under the age of seventeen years, contrary to my knowledge or consent either directly or indirectly and during my absence from home was persuaded from my house and induced to ~~join~~ the service of the United States, and was therefore mustered into the service of ~~the~~ Missouri State Militia, in the company of Captain Benjamin Reader of the 8th Regiment of the Missouri State Militia Col J W McClurg commanding. I would further state that my son is now in said company and that I have never given my assent to his joining or remaining in said company, but have repeatedly since my son has been in said company used my best endeavors to procure his release. I have made application to Captain Reader and Col McClurg to take steps to release my son but they have both failed as yet to take any notice of the matter so far as I have been advised. Therefore having failed to get the matter attended to by either Col McClurg or Captain Reader I am induced to appeal directly to you, hoping that you may take such steps in the matter as may be necessary to procure

the discharge of my son as the earliest possible moment. I am very much in need of the services of my son at home.

Captain Reeder's Company is now stationed at Quincy Hickory County Mo
My residence is near Warsaw Benton County Mo where any communication may reach me

The Prosecution then introduced the &

Leah-blo Ours a witness for the Prosecution
 by my own says I am Lecturer of Co F
 The 1st Regt of Iowa Infantry belongs to
 my company He left the command at Coage
 Springs Arkansas about the 27th or 28th of
 October 1862. and was absent until the
 last of Nov. 1862 I was in command of the
 company at the time he left - he has no
 permission to be absent. Ingram is about
 34 1/2 years of age I should think. His
 character is that of an obedient soldier. I do
 not think he is a competent on the account of
 his age. His health had been bad before he
 left. I don't think he was a competent soldier

The Prosecution having no further testimony
 to offer he closed.

The defense having no evidence to offer
 the Court was closed for deliberation and after
 maturely considering the evidence adduced finds
 the accused guilty. Joseph Ingram has for
 his defense as follows.

Of the Identification to the change

4 The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon is in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable cause for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Per. 1860 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care, in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *i. e.*, &c.; to describe particularly the disability, wound or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper: see that the soldier is furnished with the proper statements in duplicate, and forward one of these certificates to the Adjutant General United States Army, at Washington. The certificate will not under any circumstances be given into the hands of the soldier.
